

## KINSMEN CIVIC CENTRE

### **Project Description:**

Kawartha Capital Construction was awarded the contract to construct a new fully accessible entrance/lobby area complete with new washrooms and a two stop elevator. This project involved selective demolition of the existing entrance while maintaining access to the existing twin pad arena.

This project had a restricted budget and all work had to be completed to meet the start date of the hockey season. Kawartha Capital met the contract requirements and delivered the project on time and within the original budget.

### **Project Scope:**

- Selective demolition
- Masonry cavity wall
- Structural steel & OWSJ construction
- EPDM roofing
- Pre-finished metal exterior cladding
- Upgrade of existing electrical, mechanical & HVAC systems
- Renovation of existing second floor washrooms
- Addition of new accessible washroom
- 2 stop elevator
- New millwork and finishes

### **Completion Date:**

2007
